## Educator, Author and Speaker

Trainings that inspire. Strategies that Stick.

featured speaker with

### Approach:

Shauna has a talent and passion for connecting with educators, leaders and parents. She listens to your concerns and every topic is customized for your event. She has also partnered with over 250 schools, churches and organizations. Her practical approach connects brain science to strategies that best support ALL children. You are guaranteed to get passionate, relevant, evidence-based presentations that engage from minute one.

Shauna provides practical and relevant professional development and coaching services to help:

- Foster Student Engagement - Staff will use brain research to boost student achievement
- Better Behaviors - Staff embrace simple, yet powerful tools to teach positive behaviors
- Create Hope-Filled Learning Environments - Staff learn strategies to ensure everyone feels seen, supported, and empowered.

### What Participants Are Saying:

*"Shauna's PD are absolutely amazing! Every time she comes it's like a refresh to me and working with my students!"*

*"I really appreciate how today's session aligned to our cluster initiative on engagement and our school implementation of conscious discipline."*

*"Shauna's energy is contagious. Shauna makes me WANT to be better at my job, to reach more kids and do be an overall better educator.."*

*The information provided inspired me to get to know all my students on a deeper level. High expectations matter for all students.*
